

PATIENT INFORMATION

Treatment of Warts with Podophyllin Paint

- The treatment will stain the warts and may make you feel sore for a short time following application.
- You should wash the treatment off **4-6 hours** after it is applied.
- If you become very sore before you are due to wash off the treatment, do so as soon as you feel it reasonable.
- Keep the area clean and dry as much as possible and avoid wearing tight clothes for a couple of days.
- Please tell the clinic staff if there is any possibility that you could be pregnant.

If you become concerned regarding this treatment **contact the clinic on 01803 655500**

In an emergency contact your GP or seek help at the A&E Department.

For further assistance or to receive this information in a different format, please contact the department which created this leaflet.
