Part 1	GENERAL
1	Provide a brief description of the main service or policy for assessment including its aims and objectives
	The policy explains the process of flagging children who maybe vulnerable in A/E and the process of flagging children who are subject to a child protection plan. The main objectives are for A/E staff to be able to identify children who maybe vulnerable and for staff across the Trust to be aware of children who are subject to child protection plans and what actions they need to take.
2	List the main stakeholders/beneficiaries in terms of the recipients of the service or the target group at whom the service/policy is aimed
	Children, parents and carers and staff.
3	What data or evidence have you researched? Roughly how many/what proportion of staff or patients will be affected?
	No data available
4	Who have you consulted with: e.g. staff, patients, service users? What consultation methods did you use e.g. satisfaction surveys, focus groups or patient observations, meetings, or networking, and any alternative arrangements you have made or are planning for consulting with hard-to-reach groups? When did you carry out this consultation and how were the results publicised?
	Consultation has been carried out with A/E staff regarding the flagging of vulnerable children. With regard to the child protection plan consultation has been multi-agency with the Safeguarding Children Board and its major participants, health, children services etc.
