<sup>3</sup> Consider any provisions for those with no fixed abode, particularly relating to impact on discharge

<sup>4</sup> Consider how someone will be aware of (or access) a service if socially or geographically isolated

<sup>5</sup> Language must be relevant and appropriate, for example referring to partners, not husbands or wives

<sup>6</sup> Consider both physical access to services and how information/ communication is available in an accessible format

<sup>7</sup> Example: a telephone-based service may discriminate against people who are d/Deaf. Whilst someone may be able to act on their behalf, this does not promote independence or autonomy

#### **4 Supporting Applications**

- 5.1 When an applicant begins their application, they must identify their NHS employer in order to inform ACCIA of the chief executive (or nominated deputy, for TSDFT this is the Medical Director) that will be providing the essential sign-off of their application.
- 5.2 The Trust will then receive notification from ACCIA requesting we complete the online form confirming whether we are supporting an application. The Trust will be required to complete a citation to confirm that the applicant's job plan has been agreed, and that they are meeting their contractual obligations as defined in that job plan.
- 5.3 Trust sign-off is required to validate the evidence presented in the 5 domains and confirm to ACCIA that all the information included is accurate. Without sign-off, applicants are unable to submit their application.
- 5.4 Once Trust sign-off has been completed, the form will return to the applicant. Only they can submit their application to be assessed. ACCIA will inform the applicant that the Trust have reviewed their application and that they are now required to submit.
