Dear Sir/Madam

Request for Information

We are writing to confirm that we have now completed our search for the information you requested.

A copy of the information is below:

1. **Asset Inventory Please provide an extract of your current fixed asset register for all diagnostic ultrasound systems across the Trust. For each individual system, please include the following data points:**

- **Original Equipment Manufacturer (OEM) (e.g., Samsung, GE, Philips, Canon)**
- **System Model / Type**
- **Year of purchase or installation date**
- **Current departmental location (e.g., Radiology, Maternity, Vascular, Breast, Community Diagnostic Centre)**
  Please see appendix 1 shown below.

2. **Maintenance and Servicing**

- **How are the Trust's ultrasound systems primarily maintained? (e.g., Internal Clinical Engineering staff, OEM service contract, or external third-party provider)**
  Third party providers

- **If an external service provider is used, please provide the name of the contracted provider.**
  Providers include Verathon, Fujifilm, MIS, Echosens, GE and Philips.

- **If an external service provider is used, what is the expiry or renewal date of the current maintenance contract?**
  Expiry or renewal dates vary by contract and device, with some falling after 2030.

3. **Procurement and Management**

- **Please provide the name and email address of the Medical Device Manager, Clinical Engineering Lead, or equivalent role responsible for the management and procurement of medical imaging equipment within the Trust.**

  The procurement contact depends on whether the purchase is funded through revenue or capital. The work is allocated based on team capacity, so there is no designated procurement contact for this area.

  Definitions: For the purposes of this request, "diagnostic ultrasound systems" includes cart-based ultrasound systems, portable units, and point-of-care (POCUS) devices used for clinical diagnostics.
