Dear Sir/Madam

Request for Information

We are writing to confirm that we have now completed our search for the information you requested.

A copy of the information is below:

I would be grateful if you could send me one dataset from your Trust, to inform this analysis:

(1) SACT Cancer report
An extract from the chemotherapy ePMA system showing patients treated by drug and diagnosis, as specified in table 1 (below).

Please email your response by reply with the data in .csv or Excel format and feel welcome to contact me if you have any questions about this request.

Appendices – specifications

Please include the data fields specified within table 1:

The report for 1 January to 31 March 2026 shown below was extracted from ChemoCare, which used version 3 of the SACT dataset before the Trust's transition to Epic in April 2026. The following four fields could not be included in that report because they were not available in version 3:

- TNM Stage
- Curative treatment completed as planned
- Non-curative treatment patient benefit indicator
- Toxicity modification indicator

From April 2026, Epic uses version 4 of the SACT dataset, which includes these fields.

Information within the following fields has been redacted under section 40(2) of the Freedom of Information Act 2000:

- Consultant GMC code
- Primary diagnosis
- Morphology ICD-O
- Start Date of Cycle
- Administration Date

These fields contain clinician identifiers or detailed clinical information which, when combined with the remaining data or other reasonably available information, could enable individuals to be identified. The redactions protect personal data, including special-category health data, while allowing the remaining information to be disclosed.

Section 40(2) is an absolute exemption and is not subject to the public-interest test.

The information supplied to you continues to be protected by the Copyright, Designs and Patents Act 1988. You are free to use it for your own purposes, including any non-commercial research you are doing and for the purposes of news reporting.

If you wish to discuss any of the above, please contact us, quoting the FOI reference number above.

If you are unhappy with the way in which we have handled your request, please contact the Data Protection and Freedom of Information Lead in the first instance. If you wish to make a formal complaint, you should write to our Information Governance Team at Information Governance and Data Protection, Belmont Court, Torbay and South Devon NHS Foundation Trust, Torquay, TQ2 7AA or by email to tsdft.igteam@nhs.net
