**6 November 2026**

Dear Sir/Madam

**Request for Information**

We are writing to confirm that we have now completed our search for the information you requested.

A copy of the information is below:

**Under the Freedom of Information Act 2000, please provide the following about the Trust's orthopaedic and trauma implants and surgical robots.**

**Please provide the information for financial years 2023/24, 2024/25 and 2025/26. Where a product was bought through NHS Supply Chain or another distributor, please give the manufacturer separately from the supplier. I am content to receive a raw extract from your purchasing, finance or asset register in any format, including a spreadsheet, without reformatting (section 11).**

**1. Expenditure excluding VAT on orthopaedic and trauma implants and their directly associated consumables, for each of the financial years 2023/24, 2024/25 and 2025/26, by supplier and by these categories: hip; knee; extremities (shoulder, elbow, hand, wrist, foot and ankle); complex and revision arthroplasty; trauma internal and external fixation; spine; arthroscopy; bone cement and bone preparation; biologics and bone graft substitutes; custom implants. If the Trust does not code spend to these categories, supplier totals by the Trust's own product groups are fine.**
Providing the requested breakdown for all three financial years would require information from NHS Supply Chain, Adviseinc and direct reports. This would involve comparing data quality, cleansing the data and identifying gaps. We estimate that this would take approximately five to six weeks of work, exceeding 18 hours.

Taking account of your stated priorities, we have provided the overall Trauma and Orthopaedic spend for 2025/26 below. This is an overall spend figure, rather than a breakdown by supplier and product category.

Overall Trauma and Orthopaedic spend for April 2025 to March 2026 was £2,885,663.

**2. Whether the Trust owns, leases or uses under a managed service any robotic-**

**assisted or navigation system for orthopaedic or spinal surgery. For each system: manufacturer, model, the date it went into clinical use, how it was acquired (purchase, lease, managed service, charity funded or other) and the contract or lease end date.**
No such systems are used in Trauma and Orthopaedics.

**3. Whether the Trust has a policy, procedure or Board or committee decision on standardising orthopaedic implants or on preferred or single suppliers. If so, please provide the document or a link, the date it was approved, its next review date, and the suppliers named for each of hip, knee, trauma fixation and spine.**
The Trust is not aware of any such policy or working group.

**4. For each current contract covering orthopaedic or trauma implants: the supplier, the route used (for example a call-off from NHS Supply Chain Total Orthopaedic Solutions 3, another framework, or a local tender), the start date and the end date including any extension options remaining.**
Please see Appendix 1 dataset below.

**If all parts would exceed the cost limit, please prioritise 2, 3 and 4, then 1 for 2025/26 only.**

The information supplied to you continues to be protected by the Copyright, Designs and Patents Act 1988. You are free to use it for your own purposes, including any non-commercial research you are doing and for the purposes of news reporting.

If you wish to discuss any of the above, please contact us, quoting the FOI reference number above.

If you are unhappy with the way in which we have handled your request, please contact the Data Protection and Freedom of Information Lead in the first instance. If you wish to make a formal complaint, you should write to our Information Governance Team at Information Governance and Data Protection, Belmont Court, Torbay and South Devon NHS Foundation Trust, Torquay, TQ2 7AA or by email to tsdft.igteam@nhs.net

If you are not content with the outcome of your complaint or the internal review, you may apply directly to the Information Commissioner for a decision. Generally, the Information Commissioner will only make a decision once you have exhausted the complaints and/or internal review process provided by us. The Information Commissioner can be contacted at: The Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF or through this link https://ico.org.uk/global/contact-us/

Yours sincerely,

Freedom of Information Team
